EXPERIENCE

The Boston Globe, Digital Editorial Designer

MAY 2026 - PRESENT

- First design hire focused on crafting digital experiences by writing code snippets (HTML/CSS/Vanilla JavaScript) within the CMS, while designing and developing Figma mockups for newsroom's most ambitious visual stories

The Washington Post, News Designer

SEPTEMBER 2022 - MAY 2026

- Collaborated with copy desk, photo editors, desk editors and other designers to produce reader-centric print and digital stories
- Conceptualized and designed digital stories through sketches, wireframes and mockups in Figma
- Lead designer and developer for interactive stories that are mobile-first and responsive across platforms and devices
- One of the design experts trained in the internal Apple News CMS responsible for converting Pulitzer Prize-winning 'American Icon'
- Regularly designed front page and inside news pages, responding swiftly to breaking news as needed, on nightly deadline

CalMatters, Data & Interactives Intern

JUNE 2022 - SEPTEMBER 2022

- Contributed to data-driven projects by assisting with data collection, cleaning, analysis and visualization, and built interactives using Svelte to explain complex issues about California policy to readers

San Francisco Chronicle, Digital Design Intern

MARCH 2022 - JUNE 2022

- Designed and developed interactive projects using React and Figma for the Chronicle and other Hearst publications, and provided design support on print and multimedia projects as needed

New England Public Media, Graphic Design Intern

OCTOBER 2021 - JANUARY 2022

- Designed assets optimized for social, email and television promotions for radio, television and in-person performances, and coordinated online distribution of email newsletters to over 30,000 recipients

PBS Digital Studios, Social Media & Audience Development Coordinator/Intern

JUNE 2021 - OCTOBER 2021

- Strategized content schedule of 3-9 weekly posts and brand copy across Instagram, YouTube and Twitter accounts of 7,000 followers and 264,000 subscribers to reach +85.4% accounts and +107% nonfollowers
